EXPERIENCE

Flutter Developer

Sep 2023 - Present

Freelance, Annaba

Since 2023, I've specialized in Flutter, focusing on Bloc and Provider for efficient state management. I've implemented Bloc to manage complex states, separating business logic from UI effectively. Utilizing Provider for dependency injection, I ensure scalable Flutter apps. Collaborating cross-functionally, I design feature-rich mobile apps that excel in user experience and adhere to software architecture best practices.

Web Developer

Jun 2022 - Present

Freelance, Annaba

Since 2022, I've excelled as a web developer proficient in HTML, CSS, JavaScript, PHP, and Laravel. I specialize in creating responsive front-end interfaces with HTML/CSS and implementing dynamic features with JavaScript. My expertise extends to building robust back-end solutions using PHP and Laravel, ensuring seamless data processing and application logic. I thrive in agile environments, delivering scalable web solutions with a focus on quality and collaboration.
